

Are you searching for a fast and easy route to e-commerce but you don't know where to start? Then choose Amadeus Agency Internet Engine, the Amadeus entry level online offering to build your online presence. It is a fully managed and user-friendly online solution for your travel agency allowing you to have your website up-and-running in a few days, with a minimum investment and hassle free maintenance. It is just what you need!

The fast and easy route to e-commerce

Sell online...

You would like to launch your online business? Amadeus Agency Internet Engine is a cost-effective solution which allows you to easily add online service to your customer offering. You can now sell air, car and hotel reservations online, directly from your website and offer your customers a simple and complete shopping experience. And you know what? Your online and offline sales are processed the same way.

In a few days...

Build your online presence in only a few days! Amadeus Agency Internet Engine is built on proven standardised architecture to provide a fast and easy route to the online world. Your business is travel. Our business is travel technology. With Amadeus Agency Internet Engine, we take care of the technical part, freeing you up to focus on what you do best: serving your customers.

We will create your website, or modify it, to handle bookings. Then we'll manage it day to day. You don't have to worry about keeping pace with developments because we will do it for you. Instead, you can concentrate on securing and growing high value sales.

On your branded website...

With Amadeus Agency Internet Engine, you will benefit from a unique website, branded with your company logo, name, address and contact details, plus a choice of colour schemes. You can define your business rules to control what information is shown to your customers and which services they can book. With only a few steps from searching to booking, the straight forward workflow allows you to easily convert visitors into customers.

And be easily reached 24/7

Amadeus Agency Internet Engine has a user-friendly interface, making it simple for your customers to check schedules and fares, book their trip and access all relevant travel information. Up to two hundred recommendations can be displayed, filtered and sorted as required to ensure your customers get the best deal. When purchasing, they can rely on our secured payment system to complete their booking. It is everything your customers could need – and it is available 24/7 in 25 languages.

Our customers are already enjoying Amadeus Agency Internet Engine's ease of booking and clean delivery of travel reservations.
